TRAVEL SMART BY FAVORING PUBLIC TRANSPORTATION!

The Festival strongly recommends that you use public transport and soft mobility to get to the Festival in the best possible conditions.

TRAINS

The Montreux Railway station is only a few minutes' walk from the Festival site. During the Montreux Jazz Festival, the regular SBB train timetable is complemented by special «Montreux Jazz Festival» night trains leaving from Montreux. Check out [online train timetables](http://www.sbb.ch) on www.sbb.ch to find the best connections.

- Your normal round trip ticket or Mobilis daily pass is valid for a return as late as 5:00am the day after the date indicated on the ticket.
- Seats at the very front of the train: in the long-distance trains there are usually seats available in the back compartments.
- Due to the concerts ending late, it is not always possible to reach all parts of the country and connections via public transport. You can find information on the best connections on the online timetable prior to the Festival.

BUSSES

To get to Montreux, festival-goers are invited to use the VMCV bus routes, which will be considerably extended throughout the event. The VMCV buses (Vevey-Montreux-Chillon-Villeneuve) on routes 201 and 204 will be free of charge from 6pm on weekdays and from 2pm at weekends; the service will be extended overnight. For the surrounding areas, the night buses on route 291, also free of charge, run every evening according to the timetable below.
