

MAKE IT FUN KEEP IT COOL

Welcome to the 59th edition of the Montreux Jazz Festival!

You are entering a space where music is shared and celebrated **without discrimination or judgement**. Together, we have the power to make the Festival a **caring, pleasant, accessible** and **respectful** place for everyone. We're counting on you to make the party safe and sound for everyone !

No disrespectful, violent, racist, xenophobic, sexist, ableist, homophobic or transphobic comments or behaviour will be tolerated by the Festival.

Do you find yourself in an uncomfortable situation? In any of the Festival bars, ask our staff for **ANGELA** and they'll help you get out of it. In the event of a problem, at all times you can also turn to the security agents present throughout the site and at the entrances to the night venues.

Do you have any questions about sexual health, harassment or the use of alcohol or drugs? Don't hesitate to visit our **prevention stand**, open every day from 6pm to 2am at the bottom of rue Emery. Qualified staff will be on hand to help, in collaboration with NightLife, Be My Angel (FVA) and HES Vaud.

A professional **urban mediation** team will also be present across the Festival site, aiming to reduce risks for young people and keeping the atmosphere calm and enjoyable for all.

Our **medical service** is open from 2pm to 5am every day.
